Written Statement

Dear Chair von Gillern and Members of the Revenue Committee,

I am contacting you to urge you to oppose the proposed \$1.50 increase to Nebraska's real estate transfer tax, a tax that would directly result in higher closing costs for Nebraska homeowners.

The Nebraska REALTORS® Association strongly opposes the increase to the transfer tax because it inhibits the buying and selling of real estate and makes housing less affordable. This proposal would unnecessarily raise housing costs across Nebraska. LB1067 would add an additional \$1.50 per \$1,000 on every property sale in Nebraska, increasing costs for buyers and sellers alike.

Nebraska is already facing a housing supply crisis, and additional fees and taxes only exacerbate the problem. According to the National Association of Home Builders, for every \$1,000 increase in the price of a home, 1,214 households are priced out of the market. Every additional tax or fee at the closing table puts homeownership further out of reach for Nebraskans.

Let's help protect housing affordability and the American Dream by opposing LB1067.
